

## **DATA SHEET**

The data sheet is a very important, but simple form for our volunteers to fill in each session. It gives us vital information which helps the charity validate the importance of its service. We can use this to plan what supplies we need, and to help secure future funding or donations. By collecting and presenting this data, we can prove the effectiveness of Forgotten Feet which will help propel and grow the charity.

We simply ask our volunteers to tick the most appropriate boxes for each treatment – this is self-explanatory when you look at the form. It can be submitted every session or every six months, whichever is convenient. The easiest way is probably via our FF email:

[forgottenfeetuk@gmail.com](mailto:forgottenfeetuk@gmail.com)

**THANK YOU FOR YOUR HELP**
